

GameAccount Network, Inc. and Global Cash Access, Inc.

Enter Strategic Alliance Agreement

Las Vegas, NV – October 1, 2013

GameAccount Network (“GAN”) and Global Cash Access, Inc. (“GCA”) today announced a strategic alliance to integrate GCA’s Everi™ suite of payment products into the GameAccount Network GameSTACK™ iGaming platform to offer gaming operators a secure, interactive platform and payments solution.

GAN and GCA are combining their expertise to offer interactive solutions for online gaming and secure payments processing, thereby by providing a single point of integration and affording operators the ability to provide iGaming alternatives to patrons.

“GCA has long been a trusted payments processing provider focused on the gaming industry. We are delighted to integrate their comprehensive suite of payments products into our GameSTACK™ platform to better serve the developing US online gaming market”, noted Dermot Smurfit, CEO of GameAccount Network.

“GameAccount Network has a great history of delivering their open platform in the iGaming space. We are excited to embark on this strategic alliance in order to give our common customers and players peace of mind throughout their entire interactive gaming experience,” noted Tim Richards, GM and SVP of Interactive Solutions at GCA.

GameAccount Network has a breadth of experience and knowledge in the online gaming space. The company has evolved since 2002 into a recognized gaming industry leader delivering online gaming systems, content and supporting services.

GCA is an industry leader in gaming payments, cash access and cash management solutions; and recently announced the release of Everi™, a suite of interactive gaming products for payments processing, funds management and player and transaction analytics.
